Hotsy Polished Aluminum Cleaner is a non-etching ready to use acid detergent for use on polished aluminum, aluminum and stainless steel surfaces. This cleaner is a precise blend of acids, inhibitors and surfactants that are highly effective at removing dirt, grease, oil, road film, oxidation, diesel smoke, corrosion and welding smut. It is designed to help restore and protect highly polished aluminum and stainless steel surfaces.

RECOMMENDED USES

- Polished Aluminum
- Road Film
- Oil
- Aluminum
- Diesel Smoke
- Grease
- Stainless Steel
- Welding Smut
- Dirt

Hotsy detergents are available in a variety of sizes. Ask your dealer about our convenient options and about our bulk supply program, where Hotsy detergents can be supplied on regular basis to meet your needs. The Hotsy bulk detergent program is available at participating dealers.
