

# GAS ENGINE SERIES

PRESSURE WASHERS / SINCE 1970

## FEATURES

3.0 to 4.6 GPM @ 3000 to 3500 PSI  
12 Volt DC Burners

HOT WATER

GAS

BELT DRIVE

Optional heavy-duty flat – free tire kit available

Hotsy DC oil-fired burner

50-ft wire-braided high pressure hose with swivel on one end

**Belt-drive pump** - slower RPMs than a direct drive pump. Belt drive systems operate smoother, as the belts act as a dampener for vibrations and pressure spikes.

Trigger gun control with cool-grip and pressure wand

Lifting eyes let power equipment do the hoisting

**Hotsy-designed triplex belt-drive pump** carries a 7-year warranty. Slower RPMs provide less wear and tear on the pump, and enables the pump to draw from water tanks.

Protective heavy-duty roll-cage chassis

Downstream detergent injection

Control box with adjustable temperature control lighted burner On/Off switch and hour meter

8-gallon, removable fuel tank has fuel gauge in cap

**Hotsy Belt Drive Gas Engine models** are versatile; convert the standard trailer mount unit (above) into a portable unit with 2 wheels / 2 casters, a 4 wheel kit with flat-free tires or a skid unit for moving by forklift.

California Air Resources Board Verified

## OPTIONS FOR GAS ENGINE SERIES

Flat-free Tire Kit\*

Trailer Mount Brackets

2 Wheel/2 Caster Kit\*\*

Float Tank Kit

Skid Rails†

Stainless Steel Coil Wrap

Wall Mount Remote Kite (3)

Detergent Kit

High Pressure Chem. Kit

\* 4 wheel kit with handle – adds 10" to width, 6" to height

\*\* 2 wheel / 2 Caster kit – adds 7.5" to height

† Skids - adds 3.875" to height

**Model 1075BE** 4.0 GPM @ 3500 PSI; GX390 Honda gas engine (shown with optional caster kit)

**Model 1080BE** 4.6 GPM @ 3500 PSI; Briggs Vanguard gas engine (shown with optional stainless steel coil wrap and skid rails)

**NOTE:** We are constantly improving and updating our products. Consequently, pictures, features & specifications in this brochure may differ slightly from current models. Flow rates & pressure ratings may vary due to variances allowed by manufacturers of our machine components. We meet the CETA testing specs for machine performance at +\_10% and in some cases are tighter within +\_ 5% of listed specifications.

Specifications & product descriptions subject to change without notice. Hotsy's manufacturing facilities have established and apply a quality and environmental management system to be ISO 9001:2008 and ISO 14001:2001 certified.
